Let us introduce you to Rugby!!!

Become an "Ace" in rules and positions!

We are the "Wildcats", a women's rugby team that's part of the well know RC CMSG (previously RC CERN). The team perfectly reflects the Geneva demographic, bringing together a multitude of different nationalities as well as a vast array of professions among our players.

**DISCOVER RUGBY: TAKE THE OPPORTUNITY TO COME AND TRAIN WITH US ON

Take the tramway number 14 or 16 to Avanchets. Go to the final station. Then take the bus number 56 to CERN & jump off at the Meyrin-Village stop...

Go down the path on your right, down the hill, and the pitch is on your right...

Rugby is a sport for all; Large or small, quick or heavy - there's a place for you on the rugby field. It's a contact sport and can be alarming to some - but once you've had a taste it's hard to stop.
